LF01a: Anita armchair by lecomforte

In this armchair of exquisite good taste and appeal, the roundness of the flared base invites the refined back, embellished with two elegant central buttons, to a quiet dance that frames the seating. Fabric cat C
size- 70x68x80

LF01b: Caroline armchair by lecomforte

This armchair is small, but its seat is deep and wide. Caroline explores the surrounding environment in a creative and investigative way: it breaks up with the linearity of horizontal planes thanks to its lateral foldings, which are highlighted by the chromatic contrast of the upholstery. Fabric cat C
size- 92x72x74

LF01c: Air armchair by lecomforte

As if they followed the elongated shape of modern airplane wings, Air's legs divide their fluffy horizon, which is represented by a voluminous seating surface.
